jesus warned the world would hate christians if the world hates you know that it has hated me before it hated you john 15 18 as cultural hostility toward christianity intensifies many christians have grown more reluctant to advocate for biblical values in the public square but our perseverance for the common good a good defined by god alone is more important than ever in a culture that embraces darkness when culture hates you is a call for christians to unashamedly pursue righteousness in society out of our love for others in this timely resource author natasha crain will help you make sense of cultural hostility by better understanding

the roots of secular outrage on issues like christian nationalism social justice abortion transgenderism and sexuality advocate for the godly functioning of society with greater biblical cultural and civic understanding take concrete action for the common good with more than 35 practical ideas to get you started as christians our calling is to speak truth in the face of hostility not because we want to war with culture but because we love both god and others

includes works such as buddha and the intuition of the universal and techniques of timeless realization this book invites us to make our own journey toward spiritual transformation and the intuitive understanding of universal truths

thom hartmann the most popular progressive radio host in america and a new york times bestselling author looks at the history of the battle against oligarchy in america and how we can win the latest round billionaire oligarchs want to own our republic and they re nearly there thanks to legislation and supreme court decisions that they have essentially bought they put trump and his political allies into office and support a vast network of think tanks publications and social media that every day push our nation closer and closer to police state tyranny the united states was born in a struggle against the oligarchs of the british aristocracy and ever since then the history of america has been one of dynamic tension between democracy and oligarchy and much like the shock of the 1929 crash woke america up to glaring inequality and the ongoing theft of democracy by that generation s oligarchs the coronavirus pandemic of 2020 has laid bare how extensively oligarchs have looted our nation s economic system gutted governmental institutions and stolen the wealth of the former middle class thom hartmann traces the history of this struggle against oligarchy from america s founding to the united states war with the feudal confederacy to president franklin roosevelt s struggle against economic royalists who wanted to block the new deal in each of those cases the oligarchs lost the battle but with increasing right wing control of the media unlimited campaign contributions and a conservative takeover of the judicial system we re at a crisis point now is the time for action before we flip into tyranny we ve beaten the oligarchs before and we can do it again hartmann lays out practical measures we can take to break up media monopolies limit the influence of money in politics reclaim the wealth stolen over decades by the oligarchy and build a movement that will return control of america to we the people

this clear concise and highly readable text is designed for a first course in linear algebra and is intended for undergraduate courses in mathematics it focusses throughout on geometric explanations to make the student perceive that linear algebra is nothing but analytic geometry of n dimensions from the very start linear

algebra is presented as an extension of the theory of simultaneous linear equations and their geometric interpretation is shown to be a recurring theme of the subject the integration of abstract algebraic concepts with the underlying geometric notions is one of the most distinguishing features of this book designed to help students in the pursuit of multivariable calculus and differential geometry in subsequent courses explanations and concepts are logically presented in a conversational tone and well constructed writing style so that students at a variety of levels can understand the material and acquire a solid foundation in the basic skills of linear algebra

in this beautifully written biography penned by journalist antoine trépanier the honourable michel bastarache recounts his youth in acadia and the various professional roles he occupied before becoming the first acadian to accede to the supreme court of canada written as a letter addressed to his two children who died of an incurable disease bastarache recounts his constant fight for equality between francophone and anglophone communities he reminisces on his commitment among groups protecting francophones outside québec then on his careers as teacher civil servant lawyer and judge he takes the reader backstage to the most important causes he worked on and reveals some of the secrets of the highest court in canada he also weighs in on the controversy surrounding the inquiry commission on the process for appointing judges of the court of québec as well as his mediator work for reconciliation and compensation of alleged victims of sexual abuse by ex priests in new brunswick
